Description

Our grey bib apron is designed with you, the hospitality professional in mind. Its modern and sophisticated grey look makes it perfect for any establishment, from bars and restaurants to cafes and chef's kitchens.

No need to worry about where to store your essential utensils. This apron comes equipped with two front centre pockets that give you quick and convenient access to your work tools, such as pens, order pads, spoons and more.

We have incorporated a unique fastening system using a carabiner and adjustable buckle on the side. This ensures that your apron stays securely in place throughout your shift, giving you the confidence you need to carry out your work without distraction.

The bib straps are fully adjustable thanks to the press studs, meaning you can tailor the apron to fit your body perfectly. This not only increases your comfort, but also allows you greater freedom of movement to serve your customers with ease.

We know that in hospitality, durability is key. This apron is made from high quality materials that resist daily wear and tear, ensuring it stays in excellent condition even after numerous washings and hectic days.
