Description

Our black apron, accented with a beautiful grey herringbone, is a testament to sophistication and style. This colour combination gives it a modern and elegant look that reflects the professionalism you represent in the hospitality industry.

This apron is designed to be more than a fashion accessory; it is a functional tool that makes your work easier. The two pockets on the front offer enough space to carry everything you need, from order books to essential utensils.

We understand that convenience is paramount in your work routine. That's why we've designed a bib strap that attaches securely with a carabiner and metal buckle adjuster. This allows you to adjust the apron to your size, ensuring a comfortable and secure fit at all times.

The centre front opening adds a hint of versatility to this apron. It makes it easy to move around and allows quick access to what you need without having to adjust the entire apron.

We recognise that your work environment can be demanding, which is why this apron is made from high quality materials that stand up to daily wear and tear. It is designed to keep its appearance impeccable even after numerous washings and hectic days.
