Description

These trousers are made from X.LINEN fabric, which combines 65% polyester, 30% viscose and 5% elastane. This blend of materials offers excellent durability, softness to the touch and a slight stretch to ensure all-day comfort.

It features two French slit pockets on the front with topstitching, as well as a single welt pocket with button and buttonhole on the back right. These pockets provide space to store your essentials and work tools safely and securely.

There are six belt loops, allowing you to wear a belt for a secure, custom fit.

Unlike other trousers, this model has no visible belt loops, giving it a cleaner, more professional look.

An additional belt loop secures the zip, ensuring a secure closure and a comfortable fit.

Men's version: 700009. Tailoring Collection.

Available sizes
