Description

Our children's bib apron is available in a wide range of vibrant colours. From classic shades to bolder options, we have a colour to suit every preference and occasion.

This apron is made from a hardwearing SARGA fabric, consisting of 65% polyester (PES) and 35% cotton (CO).

Unlike other aprons, this model is characterised by its pocketless design. This not only contributes to the overall aesthetics, but also makes it easier to clean and maintain. With no pockets to collect dirt or mess, this apron remains spotless at all times.

The apron features knotting straps made from the same durable fabric. These straps offer a comfortable and secure fit, allowing the apron to adapt to different sizes quickly and easily.

This apron has been specifically designed to be the perfect choice for school workshops and after school activities. Its durability and versatility make it ideal for creative projects, art classes, crafts and any activity that requires protecting children's clothing.

Available sizes

4 8 12
