Description

Our PVC bib apron (non-rigid) is made of high quality PVC for exceptional strength and durability. The PVC coating is waterproof and stain-resistant, ensuring protection against spills and splashes.

This apron has been designed in an elegant and functional way, without pockets. This gives it a clean and professional look, while being more comfortable and prevents dirt accumulation in the pockets.

Drawstrings on the bib and sides allow for a custom fit. You won't have to worry about the apron slipping down while working, increasing your comfort and efficiency.
