

## APRON "ARES" 115X90 CM

Reference: 126100

### Composition / Treatment

NITRILE - 600 gr/m<sup>2</sup>

### Available colors

101

Reference: 126100-101 · BLANCO

### Description

The ARES apron is made of polyester fabric coated with high-quality, stain-resistant nitrile, which makes it exceptionally hard-wearing. Nitrile is known to be highly durable and wear resistant, ensuring a long service life.

This apron features a pocketless design, which gives it a clean and professional look. It also prevents the accumulation of dirt and ensures quick and easy cleaning.

The adjustable harness allows for a custom fit, adapting to your body ergonomically. You won't have to worry about the apron moving during your tasks.

ARES is a reusable PPE offering a level of protection against mechanical hazards and a level of resistance to water penetration. Temperature range of use: from -15°C to +80°C.

### Available sizes

UD

### Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.

| MEASURE (cm) | UD  |
|--------------|-----|
| WIDTH        | 90  |
| LONG         | 115 |

---

### Sketches and characteristics

- Nitrile material.
- Adjustable harness.
- Approx. length: 115 cm.
- Cleaning aprons: Wash and brush the apron in hot soapy water (40°C) or in a mixture of water and mild detergent. Rinse with water. No toxic products shall be used to clean or rinse the apron. After cleaning, store in a dry, dark and well-ventilated place. The apron should be replaced when it shows signs of wear.
