Description

The TRIVIAL pocketless crossover skirt features a slim-fit design without a waistband, ensuring a stylish and comfortable look for long working days. This feature provides a professional and polished look.

Our skirt is made of TRIVIAL fabric (185gr/m²), consisting of 77% polyester, 20% viscose and 3% elastane. This combination of materials offers a number of key benefits, such as greater freedom of movement, comfort, softness to the touch and impressive crease resistance. It also makes the ironing process easier, which saves time in your daily routine.

The back slit not only adds a touch of style and walking comfort, but also allows for a greater range of movement, which is essential in the hospitality work environment. In addition, the inner lining ensures greater comfort and softness against the skin.

The back zip on this skirt provides a practical and stylish solution for easy dressing. This detail streamlines your dressing process and contributes to an impeccable appearance.

Unlike other models, the TRIVIAL Crossover Skirt dispenses with pockets, ensuring a more polished and elegant appearance. This is especially valuable in a professional environment where image plays a crucial role.
