Description

The MAXIMA pocketless skirt is designed with front and back darts, ensuring a perfect and flattering fit. This allows you to look smart and feel comfortable during your long working days.

This skirt is made from a COMFORT fabric (203 g/m²) combining 54% polyester, 44% wool and 2% lycra. This blend of materials offers several notable advantages, including exceptional comfort, a fine, lightweight finish, and a soft, pleasant feel. In addition, the fabric is crease-resistant and allows for easy ironing, keeping your uniform impeccable.

The slit at the back of the skirt not only adds a touch of style, but also improves walking comfort and allows you to move around your workplace with ease.

The inner lining of the skirt contributes to a comfortable wearing experience by providing an extra layer of softness and comfort against the skin.

Unlike other models, this skirt has no pockets, giving it a more polished and elegant appearance. This is especially important in professional environments where image is paramount.

The pocketless skirt MAXIMA is ideal as a winter uniform for waitresses, reception staff, transport, office or commercial workers. Its elegant design adapts to various occupations and work situations.
