Composition / Treatment

TECNO 96% PES 4% EA - 215 gr/m²

Available colors

001 104 139

Reference: 176800-001 · BLACK

Description

The TECNO pocketless skirt has been meticulously designed with darts on both the front and back, ensuring a perfect, flattering fit. This allows you to look stylish and feel comfortable during your long working days.

This skirt is made of TECNO fabric (215gr/m²) combining 96% polyester and 4% elastane. This high quality material blend offers several advantages, including an exceptionally form-fitting and shaping fit, high stain resistance and easy ironing to keep your uniform impeccable.

The slit at the back of the skirt not only adds a touch of style, but also enhances walking comfort and allows you to move around your workplace with ease.

The inner lining of the skirt contributes to a comfortable wearing experience by providing an extra layer of softness and comfort against the skin.

This skirt has been designed without pockets, giving it a sleek and polished appearance. This feature is especially relevant in professional environments where image is essential.

The TECNO fabric is more stain resistant, making it easier to clean up minor spills and helping to maintain a professional image at all times.

Available sizes
