Description

These 100% MICROFIBRE women's trousers offer a perfect mid-rise fit, balancing comfort and style in a versatile design that adapts to a variety of personal preferences and styles.

Microfibre is known for its highly beneficial properties, including being liquid repellent, highly breathable, antibacterial and resistant to splashes of bleach diluted in water.

Belt loops at the waist allow you to customise your look and provide the option of using belts for optimal fit and additional comfort.

The button and zip on the front of the trousers offer a secure and practical fastening. This facilitates the dressing process and ensures that your uniform stays in place all day long.
