Description

The CONFORT women's trousers with pockets feature a figure-flattering slim fit, along with a low rise for comfort and style. This balanced design ensures that professionals feel comfortable and confident in their appearance.

These trousers are made from high quality CONFORT fabric (203 gr/m²), composed of 54% polyester, 44% wool and 2% Lycra. This material provides exceptional comfort, a fine, lightweight finish, soft feel and crease resistance, making it ideal for extended wear and easy maintenance.

Two french pockets on the sides of the trousers offer functionality and allow professionals to carry small personal items or work tools in a convenient and accessible way.

The absence of darts on the front of the trousers contributes to a polished and modern look, while providing greater comfort during long working days.

The belt loops at the waist allow for a customised look and provide the option of using belts for optimal fit and additional comfort.

These trousers are particularly suitable for summer uniforms in a variety of occupations, such as waitresses, bands, reception, transport, office and retail.
