Description

The MAXIMA women's trousers with pockets offer a figure-flattering slim fit and a low rise for a modern, comfortable look. This combination ensures that professionals feel confident and stylish in their work attire.

These trousers are made of high quality MAXIMA fabric (230 gr/m²), consisting of 54% polyester, 44% wool and 2% Lycra. This material provides a higher level of comfort, crease resistance, ease of ironing and a soft, warm texture. This makes it a perfect choice for the winter months.

The two french pockets on the sides of the trousers offer functionality and allow professionals to carry small personal items or work tools in a convenient and accessible way.

The absence of darts on the front of the trousers contributes to a sleek and modern look, while providing comfort during long working days.

The belt loops at the waist allow you to customise your look and offer the option of using belts for optimal fit and additional comfort.

These trousers are particularly suitable for winter uniforms in various occupations, such as waitresses, bands, reception, transport, offices and shops in general.

Available sizes
