### Description

The TECNO women's trousers with pockets feature a slim-fit design and a mid-rise waist, offering a modern and elegant look that fits the figure in a flattering way. This ensures that professionals look good and feel comfortable during their working day.

These trousers are made of high quality TECNO fabric (215gr/m²), consisting of 96% polyester and 4% elastane. This material provides an optimal fit that shapes and enhances the shape, while offering stain resistance and easy ironing.

The two French pockets on the front of the garment offer functionality and allow professionals to carry small personal items or work tools in a convenient and accessible way.

Belt loops at the waist allow for customisation of the garment's appearance and offer the option of using belts for optimal fit and additional comfort.

The front button and zip fastening ensures a secure and comfortable fit and makes dressing and undressing easy.

The absence of darts at the front of the trousers contributes to a more modern and flattering look.

These trousers are particularly suitable for professional uniforms in a variety of fields, including waitresses in bars, restaurants and cafes, bands, reception, transport, offices and general retail.
