001 101

Reference: 206300-001 · NEGRO

Description

These trousers are made of MICROFIBRE ELASTIC (155gr/m²) 99% Polyester and 1% Elastane. This fabric is known for its antibacterial properties, ensuring freshness and hygiene during your working day. In addition, the stretch microfibre provides maximum comfort and freedom of movement, which is essential for professionals who are constantly on the move.

This fabric repels liquid splashes, which provides high stain resistance and makes the garment easy to clean. This is especially valuable in hospitality environments where spills can occur.

The stretch microfibre has the property of requiring no ironing, which saves time and makes it easy to care for your uniform.

The trousers have belt loops at the waist for adding a belt if desired. The button and zip fastening at the front provides a secure and comfortable fit.

These trousers are ideal as a uniform for waitresses in bars, restaurants and cafés, but are also suitable for roles in reception, transport, office or retail. The versatile design adapts to different work needs.

Available sizes
