Description

The POLLUELO bib is a closed bib that provides full coverage to protect children's clothing during their school activities. This is especially important to maintain cleanliness and avoid stains.

This babi features an embroidered patchwork on the chest with an original and fun design including adorable chicks. This design touch adds a playful and cheerful element to the garment.

The long sleeves with elasticated cuffs and collar offer a comfortable and secure fit, allowing children to move freely without worrying about the sleeves sliding up.

The babi has a handy central pocket that provides storage space for small items or school utensils, making it easy to access these items during the school day.

This bib is made of a 65% polyester and 35% cotton blend. This combination of fabrics offers durability, comfort and wear resistance.

The fun chick print on the centre pocket and sleeves adds a charming and attractive touch to the babi design.

For added convenience, the POLLUELO babi offers the possibility of combining it with a matching backpack, allowing children to carry their school belongings in an organised and stylish way.

This babi is comfortable to wear, easy to wash and iron, and dries quickly. These features are essential for parents and education professionals looking for practical garments.

Available sizes
