Composition / Treatment

WOVEN 65% PES 35% CO - 145 gr/m²

Available colors

134

Reference: 300004-134 · FLAT FUCHSIA

Description

The PRIMAVERA bib is an open-front bib that closes by means of visible buttons on the front. This feature facilitates the process of dressing and undressing children, which is especially important in the school environment.

The long sleeves are elasticated at the cuffs, providing a comfortable and secure fit. The elastic prevents the sleeves from sliding up during activities, allowing children to move freely.

The babi is equipped with two side pockets that provide additional space for children to store small items or school utensils in an accessible way.

This babi is made of a high quality fabric blend, consisting of 65% polyester and 35% cotton. This combination offers durability, wear resistance and comfort for everyday use.

The babi features a floral print fabric on the chest and sleeves for a fresh, springtime feel. It also features an original patchwork and embroidery design on the right pocket, adding a unique element to the garment.

For added convenience, the PRIMAVERA Babi offers the option of combining it with a matching backpack. This allows children to carry their school belongings in an organised and stylish way.

This babi is comfortable to wear, easy to wash and iron, and dries quickly.

Available sizes

0 2 4
