Description

The children's chasuble has a stole design that is easy to put on and take off, which is essential for pre-school children. The fixed elastic straps on the sides ensure a comfortable fit.

The back of the chasuble is made from 65% Polyester - 35% Cotton PLANA in turquoise, which is a durable and easy to maintain fabric. The front is made of 100% Polyester SARGA, which offers a smooth and shiny surface.

The design on the front features colourful numbers in a cheerful and eye-catching pattern. This not only adds a touch of fun to the garment, but can also help children become familiar with numbers.

The chasuble is comfortable to wear all day long, making it an excellent choice for nurseries and schools where children need clothes that allow them to move freely and play without restriction.

This chasuble is easy to wash and iron, making life simpler for parents and educators. Its durability ensures that it will remain in good condition even after numerous washing cycles.
