Description

Exceptional comfort and protection provided by our Neck Protector, a must-have accessory for hospitality professionals looking for comfort during long working days. Designed with the utmost attention to detail, this accessory becomes an essential ally to avoid chafing caused by apron straps, offering a practical and effective solution.

The Neck Protector is made with high quality materials that ensure durability and resistance to constant use in demanding environments. Its ergonomic design fits comfortably around the neck, providing a soft, padded barrier between the skin and the apron straps, preventing discomfort and chafing.

Ideal for professionals in bars, restaurants, cafes and any hospitality business, this accessory not only adds comfort but also helps to maintain an impeccable professional image. Elevate the quality of your uniform with our Neck Protector and experience a higher level of comfort in your working day - make every detail count in your professional image!
