Description

The gown has a classic and versatile style that adapts to multiple situations, making it a practical garment for various activities.

The smock fastens with visible buttons, making it easy to use and allowing children to put it on and take it off easily. This is especially useful in school settings and activities where they need to get dressed and undressed quickly.

Elegant and professional. Elasticated cuffs ensure a comfortable fit and prevent the sleeves from getting dirty during activities.

With two side pockets and a chest pocket, the smock offers ample storage space for children to carry small items, utensils or tools they need for their activities.

It is made of TWILL 65% PES 35% CO - 200 gr/m², a durable fabric that can withstand daily wear and tear and multiple washes without losing its appearance or quality.
