Composition / Treatment

TWILL 65% PES 35% CO - 200 gr/m²

Available colors

101

Reference: 401000-101 · BLANCO

Description

The elasticated cap features a classic boat-style design, a timeless style that is versatile and suitable for both men and women. Its design reflects tradition and elegance.

The incorporation of a mesh on the top of the cap ensures optimal ventilation. This feature is essential for keeping cool and comfortable during long working days in the kitchen.

The addition of elastic at the back of the cap provides a comfortable and secure fit for a variety of head sizes. This ensures that the hat stays in place without being too tight.

This cap is made from white twill, giving it a clean, professional look that suits any work environment.

The elastic at the back of the cap ensures that you can enjoy a comfortable, custom fit, no matter what size your head is.

The mesh at the top allows air to flow freely, which is essential for staying cool and comfortable in the kitchen.

Ideal for catering uniforms, food, bakeries and patisseries, delis and butchers or general trade.

Available sizes

UD
