Composition / Treatment

TWILL 65% PES 35% CO - 200 gr/m²

Available colors

101

Reference: 405000-101 · WHITE

Description

The men's hard visor cap features a solid visor that provides additional protection from sunlight and splashes, which is essential in kitchen environments.

The incorporation of a grille at the top of the cap ensures optimal ventilation. This is crucial for keeping the head cool and comfortable during long working days.

Elastic at the back of the cap provides a comfortable and secure fit for a variety of head sizes. This ensures that the cap stays in place without being too tight.

These caps are made from white twill, giving them a clean, professional look that suits any work environment.

The rigid visor and mesh top ensure that professionals can work comfortably and stay protected at all times.

Elastic at the back of the cap ensures a custom fit, regardless of head size.

Ideal for hospitality uniforms, food service, warehousing, bakeries and pastry shops or general retail.

Available sizes

UD
