Description

This hat is made from 100% RECYCLED POLYESTER MICROFIBRE, a fabric that not only guarantees high performance, but also demonstrates a strong commitment to sustainability and environmental preservation.

Nature Inspired Prints: The original nature-related prints not only add a touch of freshness and originality, but also highlight the importance of caring for our natural environment.

The elastic band at the back of the cap offers a comfortable and secure fit, allowing you to gather your hair quickly and easily.

The terry loop on the inside of the front is designed to absorb sweat and keep your forehead dry, which is essential in a high-performance work environment.

The cap is available in one size to fit a wide range of head sizes, ensuring that all professionals can enjoy its benefits.

By choosing this beanie, you are not only investing in a high quality garment, but you are also contributing to responsible fashion and environmental care.

The combination of recycled fabric and natural prints brings a high level of comfort and style to your uniform, making you stand out in your working environment.

Ideal for nursing uniforms, doctors, veterinarians and other professionals in hospitals, medical centres and clinics.

Available sizes
