Composition / Treatment

MICROFIBER 100% PES - 148 gr/m²

Available colors

Reference: 447300-2833 · BOW

Description

This cap is made of 100% polyester microfibre. The choice of this material ensures softness, durability and stain resistance. You can rely on this beanie to accompany you through many a working day. Fabric resistant to splashes of bleach diluted in water.

The wide variety of prints available ensures that there is a design to suit your preferences and needs. From medical related motifs to adorable pet designs, and even cancer charity options.

The inclusion of rear adjustment straps allows you to customise the fit of the cap to perfectly match the shape of your head. This ensures it will stay in place even during the most active situations.

The terry loop on the inside of the front not only provides comfort, but also effectively wicks away perspiration, keeping you cool and dry on the job.

The rear adjustment straps allow this beanie to fit any head, providing a customised and comfortable fit.

The wide range of available prints allows you to express your personality and style at work.

The high quality microfibre ensures that this cap will withstand daily wear and tear and remain in excellent condition for a long time.

Ideal as a complement to uniforms for nurses, doctors, veterinarians and other professionals in hospitals, medical centres and clinics, or for medical or animal-related businesses.
