POLYPROPYLENE SLEEVE (pair)

Reference: 486000

Composition / Treatment

100% Polypropylene - 290 gr/m²

Available colors

101

Reference: 486000-101 · BLANCO

Description

These sleeves are made from a high quality 100% Polypropylene fabric, which is waterproof and liquid repellent. This feature is essential in environments where spills and splashes are common.

The sleeves are one size fits all, making them suitable for everyone. The elastic at both ends allows for a snug fit, preventing them from slipping or sliding during use.

With a length of 45 cm, these sleeves provide ample coverage and protection, ensuring that your arms are fully protected.

These sleeves offer exceptional comfort while maintaining protection on top. The elastic at both ends adjusts without restriction, allowing full mobility while you work.

You can put them on and take them off in seconds, making them ideal for fast-paced environments. Plus, they're reusable, helping you save money and reduce waste.

Available sizes

UD

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
