Description

Let your uniform speak for you with the ANIMALS Women's Smock, a garment that combines original design, functionality and commitment to the environment. Made from recycled microfibre (54% recycled polyester, 46% conventional polyester) weighing 145 g/m², this gown is lightweight, breathable and easy-care, perfect for the daily routine of professionals in education, paediatric healthcare, toy libraries or children's centres. Fabric resistant to splashes of bleach diluted in water.

The 75 cm semi-fitted cut (M2) offers a comfortable and flattering fit, enhanced by chest and back seams and a silhouette-defining centre back seam. The design features an asymmetrical closure with visible centre buttons that crosses over from the right side over the left, adding a modern and functional touch.

The most charming detail is provided by the sublimated animal prints, which make the garment friendly and close to the wearer, ideal for creating a connection with the environment. In addition, the elasticated cuffs offer freedom of movement and a better fit for dynamic tasks.

Length: 75cm * Semi-fitted, comfortable and feminine M2 cut
* Asymmetrical front fastening with visible buttons, practical and original.
* Animal print, ideal for children's environments
* Recycled microfibre fabric, lightweight, sustainable and easy to maintain
* Elasticated cuffs and structural seams for a better fit

Available sizes

XS S M L XL XXL

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
