Description

The Trender metallic zip dress features a semi-sleeved design and an original decoration that simulates metallic zips on the pockets. These details give it a modern and casual touch, perfect for professionals who want to look fashionable in the workplace.

This dress is made of TRENDER fabric, composed of 65% Polyester, 32% Cotton and 3% Elastane. This combination of materials provides a firm, stretchy texture that fits comfortably against the body and resists daily wear and tear. Elastane ensures freedom of movement.

The Trender Metal Zipper Dress includes a knitted lining that increases comfort and softness against the skin. This makes it an ideal choice for long working days in any environment.

This dress features two waist pockets that provide additional space to store small work items or keep your hands free when needed.

The zip at the back makes the dress easy to put on and take off, ensuring a perfect fit.

Available sizes

XS S M L XL
