Description

The shirt dress is made from a blend of polyester (89%), viscose (7%) and elastane (4%). This choice of materials reflects your commitment to quality and attention to detail. The combination of polyester and viscose provides durability and comfort, while elastane adds flexibility essential in an active indoor work environment.

The short sleeves, shirt collar and centre front closure create a polished, professional look, while the adjustable belt allows you to define your silhouette to your preference.

The inset pockets in the seams and belt loops at the waist are details designed to bring practicality to your work environment. From storing small tools to keeping essentials close at hand, this shirt dress allows you to keep everything organised without sacrificing style.

The timeless design of the shirt dress lends itself to a variety of work situations. From greeting guests with elegance to carrying out everyday tasks, this garment is a reflection of your commitment to excellence in the hospitality industry.
