Composition / Treatment

TWILL 65% PES 35% CO - 200 gr/m²

Available colors

101

Reference: 571101-101 · WHITE

Description

This short-sleeved men's coat is an essential garment for professionals seeking comfort, durability and a neat appearance during their working day. Made from resistant 65% polyester, 35% cotton twill fabric (200 g/m²), it offers great resistance to daily wear, easy maintenance and a pleasant feel.

Its semi-fitted design (H2) with side panels at the back does not compromise freedom of movement. It features a lapel collar, short sleeves ideal for warm climates or active work, and a central closure with button fastenings. It includes 3 practical front pockets for added functionality and a back belt that stylises and provides a customised fit.

With a length of approximately 103 cm, this coat is perfect for sectors such as healthcare, beauty, education and services.

Available colours:
White (C/101)

Long-sleeved version: 511102.
Replaces reference: 571000.

Available sizes

XS S M L XL XXL 3XL
