Description

TNT Waterproof Gown, a comprehensive healthcare workwear solution designed for healthcare professionals including doctors, nurses, dentists and physiotherapists. This disposable waterproof gown has outstanding features that make it an unbeatable choice.

Manufactured from 100% POLYPROPILENE 50 gr/m² in white, this gown offers an effective barrier against liquids, providing essential protection in healthcare environments. The design includes a tie-around neck and long sleeves with elasticated cuffs, ensuring optimum fit and complete protection.

This gown is perfect for a variety of applications, including healthcare use in hospitals, clinics and laboratories, as well as veterinary and aesthetic environments. The combination of waterproofness and comfort makes it an ideal choice for healthcare workers seeking maximum protection without sacrificing mobility.

Opt for our TNT Waterproof Gown and experience the peace of mind of having a quality garment in your healthcare workwear - protect your team with the best in healthcare apparel!
