MAN´S SCRUB COAT Yago plana ANTIBACTERIAL (sizes XS-XXL)

Reference: 598600

Composition / Treatment

WOVEN 65% PES 35% CO - 145 gr/m²

Available colors

311

Reference: 598600-311 · MARINE ANTIBACTERIAL FLAT

Description

The long sleeve design provides additional protection and versatility to suit a variety of work situations.

The exposed button fastening is stylish and functional, allowing quick and easy access to the garment.

The two front pockets are practical and provide additional space to securely store work tools or personal items.

The gown is made from anti-bacterial plain fabric in an attractive navy shade, with aquamarine detailing on the collar and pockets. This fabric has bactericidal properties that prevent odours and act as a protective sanitary barrier. It also has a water repellent finish that repels liquids and provides stain resistance.

The gown retains its antibacterial and antibacterial properties even after 25 washing cycles at 60°C, ensuring a long service life.

Available sizes

XS S M

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
