SPECIAL AUTISM COAT

Reference: 598700

Composition / Treatment

MICROFIBER 100% PES - 148 gr/m²

Available colors

115

Reference: 598700-115 · TURQUESA

Description

The print on this gown is dedicated to Autism Spectrum Disorder, making it a garment that shows support and awareness for this important cause. This can be especially relevant in educational and customer service settings, where sensitivity to the needs of people with ASD and their families is valued.

The long sleeve design provides additional coverage and versatility in a variety of work situations.

The central zip fastening makes it easy to put on and take off the gown quickly and comfortably.

Elasticated cuffs provide a comfortable and secure fit, ensuring all-day comfort.

The two side pockets are functional and allow for convenient carrying of work tools or personal items.

The gown is made of 100% polyester antibacterial microfibre, making it resistant to bacteria and odours. This feature is especially important in customer service and childcare environments. Fabric resistant to splashes of bleach diluted in water.

Available sizes

XS S M L XL XXL

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
