### Description

The RAQUEL blouse in ECOLYPTUS SARGA fabric is the perfect combination of functionality, professional design and sustainability. Designed for professionals in the healthcare, beauty, wellness and pharmaceutical sectors, this garment offers comfort, freshness and an impeccable image throughout the working day.

It is made from ECOLYPTUS SARGA fabric (48% PES, 48% LY, 4% EA - 185 g/m²), which provides elasticity, breathability and a soft feel, as well as contributing to more sustainable production thanks to the lyocell.

Its design features an open mandarin collar with a V-neckline, short sleeves and a front closure with concealed press studs, giving it a clean and professional finish. The back has a central panel in Air Dry fabric, which promotes ventilation and improves thermal comfort.

In addition, the RAQUEL blouse includes four functional pockets: two side pockets and two on the left chest, ideal for keeping everything you need in your work environment close at hand. Its semi-fitted M2 cut and length of approximately 67 cm provide a comfortable, modern and flattering silhouette.
