Description

The MAY blouse from Gary's Uniforms combines comfort, contemporary design and sustainability in a lightweight, functional garment that is perfect for professionals in sectors such as beauty, healthcare, wellness and pharmacy.

Made from SOREMA fabric (53% recycled polyester and 47% organic polyester - 108 g/m²), this blouse is an eco-friendly, breathable and soft-touch option, ideal for long working days.

Its design features a mandarin collar with a V-neckline, which adds elegance and freshness, along with short sleeves with decorative inserts. On the front, it has two tulip-shaped pockets, which are practical and aesthetically distinctive. On the back, a central gusset improves freedom of movement.

The semi-fitted cut (M2) and approximate length of 66 cm guarantee a flattering silhouette without compromising functionality.
