ECOLYPTUS SARGA 48% PES 48% LY 4% EA - 185 gr/m²

Available colors

001 101

Description

The URIEL blouse is designed to offer maximum comfort, breathability and functionality to professionals in the healthcare, beauty, pharmaceutical and wellness sectors. Its contemporary design and sustainable fabric make this garment a perfect choice for today's workplace.

Made from ECOLYPTUS SARGA fabric (48% PES, 48% LY, 4% EA - 185 g/m²), the URIEL blouse guarantees resistance, elasticity, thermal comfort and softness, while also promoting more responsible production thanks to the incorporation of lyocell fibres.

It features an open mandarin collar with a V-neckline, short sleeves and a front closure with concealed press studs, giving it a clean, professional and contemporary look. The Air Dry fabric back panel promotes ventilation, improving comfort throughout the day.

It also has four functional pockets: two on the sides and two on the left chest, allowing you to organise and easily access tools or work accessories. Its semi-fitted H2 cut and length of approximately 74 cm offer a comfortable fit without restricting movement.

Available colours:
Black (C/001) | White (C/101)

Matching trousers: 700084.
Men's version: 600087.

Available sizes

XS S M L XL XXL 3XL

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
