Description

The GABI model is a men's coat with a functional and modern design, ideal for professionals looking for a comfortable, lightweight garment with added sustainability. Designed for environments such as clinics, wellness centres, health and beauty salons, this coat stands out for its contemporary and responsible design.

Made from 54% RECYCLED MICROFIBRE and 46% RECYCLED POLYESTER - 145 g/m², with a light weight of 145 g/m², it guarantees breathability, softness and quick drying, while helping to reduce environmental impact.

The design features a V-neckline with contrasting bias binding, short sleeves and an original asymmetrical closure with press studs, giving it a contemporary look. The ribbed fabric side panels at the back improve mobility, while the front side panels in the main fabric add structure to the design.

It includes two functional front pockets and has an approximate length of 69 cm, with a semi-fitted M2 cut that promotes movement without losing shape.

Available colours:
Pearl grey (C/117) | Sand (C/142)

Matching trousers: 703600

Available sizes

XS S M L XL XXL 3XL

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
