Reference: 611600-273 · VICHY BAMBULA ANTIBACTERIAL LIGHT BLUE

Description

This jacket has been designed with the comfort and style of all professionals in mind, regardless of gender. The unisex design allows it to be worn by men and women alike, making it versatile and suitable for a wide range of professionals.

The short sleeves provide comfort during working days, especially in warmer climates. The V-neck adds a touch of style and allows for greater freedom of movement.

Two patch pockets on the front provide practical space for carrying essentials such as pens, notepads, mobile devices or any other items needed in everyday work.

Made of antibacterial bambula checkered in fuchsia, light blue or pistachio colours, this jacket is designed to maintain a fresh and clean environment. The bactericidal property of the BIOCIDE finish helps prevent unpleasant odours, while the HYDROPHONE finish repels liquids and protects against stains.

The ARCOIRIS unisex blouse retains its properties even after 25 washing cycles at 60°C, ensuring its durability over time.

Available sizes

XSS XS S M L YL

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
