Composition / Treatment

MICROFIBER 100% PES - 148 gr/m²

Available colors

001 101

Reference: 660500-001 · BLACK

Description

Discover the functional elegance of the GALA WOMAN'S BLouse, a long-sleeved jacket designed to stand out in healthcare and workwear.

Its refined mao collar, together with two front pockets and hook-and-eye cuffs, add a distinctive touch. The semi-fitted garment, with darts on the chest, front and back, offers a flattering silhouette.

Made of 100% polyester MICROFIBRE, this antibacterial fabric guarantees high breathability and resistance to splashes of bleach diluted in water. Washable at 90º, it dries quickly and is hair repellent, with no need to iron. Available in black or white with original glasses print on collar and pockets.

Ideal for uniforms in opticians' surgeries, medical centres and clinics. Also available in men's model (ref. 616500).

Discover excellence in health-care workwear!

Available sizes
