Composition / Treatment

TRIP 55% PES 43% WO 2% EA - 190 gr/m²

Available colors

104

Reference: 700004-104 · NAVY

Description

These suit trousers feature a functional design with a comfortable waistband, button and zip fastening at the front for a secure closure. They also have two French-style pockets at the front, providing a practical place to store small items.

Unlike pleated trousers, this style is more versatile and provides a more modern and polished look. The flat-front cut ensures a comfortable and flattering fit.

The trousers are made from TRIP fabric, composed of 55% polyester, 43% wool and 2% elastane. This combination of materials offers a soft and cool texture that is perfect for long working days. In addition, the elasticity of the fabric ensures freedom of movement and comfort.

One of the key benefits of TRIP fabric is that it does not accumulate static electricity, ensuring a more comfortable and hassle-free wearing experience.

These trousers are versatile and suitable for a variety of professions, from waitresses to marching bands, receptionists, transport workers, office staff and shop assistants. Their timeless design makes them appropriate for a wide range of work environments.

Men's version: 700013. Tailoring Collection.
