TROUSERS WOMAN INTERLOCK

Reference: 700021

Composition / Treatment

INTERLOCK KNIT 100% PES - 140 gr/m²

Available colors

001

Reference: 700021-001 · BLACK

Description

This women's trousers are made from CROSS ELASTIK INTERLOCK KNIT 92% PES 8% EA 215 g/m², a fabric that combines flexibility and elasticity. This choice of material not only ensures a durable garment, but also reflects your commitment to quality and attention to detail.

The presence of 8% elastane in the fabric provides an exceptional level of stretch. This means that the trousers adapt comfortably to your movements, allowing you to perform work tasks with complete freedom.

In addition, the CROSS ELASTIK fabric has water repellent properties, which means it is highly resistant to moisture and seepage.

The compact knitted weave structure of the fabric offers exceptional breathability. This is essential in an active environment where it is crucial to maintain a cool feeling during long working days.

Ideal for waiters, receptionists, shop assistants and other hospitality and retail professionals.

Available colours:
Black (C/001)

Men's version: 700018.

Available sizes

36 38 40 42 44 46 48 50 52 54 56 58
