Description

The T400 men's chino trousers are made of twill, a high quality 100% polyester (PES) fabric. This choice of material not only ensures a durable garment, but also reflects your commitment to quality and attention to detail.

The T400 fibre, the protagonist of these trousers, offers crease-resistant properties. This means your outfit will look impeccable throughout your workday, allowing you to focus on what matters most.

T400 fibre also offers stretch and recovery characteristics, resulting in a pant that comfortably adapts to your movements while maintaining its shape. Plus, it's known for its exceptional breathability. This will keep you cool and comfortable even in the most demanding situations, allowing you to perform with excellence in your work.

On the other hand, the antibacterial properties of T400 fibre present an additional advantage in the hospitality industry, where hygiene is essential.

Ideal for waiters, receptionists, clerks and other hospitality professionals.

Also available in women's model reference 700028.

Available sizes

36 38 40 42 44 46 48 50 52 54 56 58 60

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.

MEASURE (cm)	36	38	40	42	44	46	48	50	52	54	56	58	60
