Description

The women's leather-bound bermuda shorts are made of water repellent 100% polyester PLANA (PES). This choice of material ensures a durable garment that can withstand the demands of the hospitality industry and maintain its impeccable appearance.

The water repellent feature of these shorts makes them moisture resistant, which is especially useful in an environment where spills are common. Maintain your professional appearance even in unexpected situations.

Breathability is essential in the hospitality industry, and these shorts offer a high level of breathability, keeping you cool and comfortable throughout your working day, even in hot climates.

With three colours available, you can choose the option that best suits your style and preferences. Match your Bermuda shorts with other elements of your uniform to create a unique professional look.

Also available in men's model reference 700029.
