Description

These women's trousers are made from bambula, a 100% polyester fabric (PES) that offers a unique combination of softness and durability. This choice of material ensures a garment that feels pleasant to the touch and stands up to the demands of the hospitality industry.

French-cut pockets on the sides of the trousers offer practical storage space for small items and work tools, keeping them within easy reach.

In addition, the trousers are available in two stylish colours, beige and moss green, allowing you to choose the option that best suits your style and preferences.

Its functional design and versatile styling make it an essential item in any hospitality professional's uniform. The soft, lightweight texture of bambula not only adds a touch of elegance to your outfit, but will also keep you cool and comfortable throughout your working day.

Also available in men's model reference 700032.
