Description

The Women's Crossover Trousers are the perfect combination of elegance and functionality, designed specifically for the workplace. Made of bi-elastic marl fabric (96% polyester, 4% elastane, 185 g/m²), it provides great elasticity and resistance, guaranteeing freedom of movement without losing sophistication.

Its semi-fitted cut (M2 SEMI-FIT) slims the silhouette without compromising on comfort, while the crossover front fastening adds a modern and distinctive touch. It also features a double eyelet pocket, ideal for storing small items in a safe and accessible way.

Available in navy and sand, two versatile and elegant shades, these trousers are the ideal choice for professionals looking for a balance between style and function.

* Flexible, durable, flecked bi-elastic fabric.
* Semi-fitted cut, figure-flattering without compromising on comfort.
