Description

The Men's Trousers with Extended Waistband are designed to provide a precise fit, prolonged comfort and an impeccable professional image. Made from bi-stretch marled fabric (96% polyester, 4% elastane, 185 g/m²), they offer elasticity in both directions, allowing greater freedom of movement and resistance to wear and tear.

Their semi-fitted cut flatters the figure without sacrificing comfort, while the side extension at the waistband ensures an adaptable and secure fit for different body types. They also feature two French pockets on the sides, ideal for carrying essential items with ease.

Available in navy and sand, two sophisticated and versatile colours, these trousers are the ideal choice for those seeking a balance between functionality, style and professionalism.
