Description

These trousers are made from 100% RECYCLED POLYESTER MICROFIBRE. It is part of our NATUREWEAR line, which means you are choosing an environmentally friendly garment and contributing to sustainability.

The elasticated drawstring waist allows for a comfortable, custom fit, ensuring the trousers stay in place throughout the working day.

These trousers feature two inside hip pockets and a back patch pocket. These pockets offer space to carry essential tools, mobile devices or any other items you need for your work.

The printed design of these trousers adds a touch of style and originality to your work uniform, making you stand out from the crowd.

Designed to fit both men and women, these unisex trousers are versatile and comfortable for any professional.

The recycled polyester microfibre provides durability, wear resistance and comfort. This pant is designed to withstand the demands of hospitality and other professional environments.

This unisex pant is a smart choice for those who value sustainability and comfort in their work uniform. Whether you work in hospitality, healthcare, hairdressing, beauty, spa or any other field, this pant will give you a professional look and reliable performance.
