Description

Elegance and comfort in our Women's Side Line Print Trousers, designed for healthcare professionals and other sectors looking for a touch of style in their work wardrobe. These trousers, made of 100% polyester MICROFIBER, stand out for their unique print and regular fit that adapts to the female silhouette.

The back waistband with half elasticated waistband and elasticated drawstring provides a custom fit, guaranteeing comfort all day long. Equipped with two French hip pockets and a practical back patch pocket, these trousers combine functionality and style.

The antibacterial microfibre ensures a hygienic, highly breathable and resistant to splashes of bleach diluted in water garment. Its quick-drying properties and resistance to pet hair and fur make it ideal for environments such as hospitals, hairdressing, beauty salons and more.

Combine these trousers with the matching jacket (ref. 658400) for a complete, professional look. Elevate your work uniform with this printed design that reflects your unique style while maintaining essential day-to-day functionality.

Available sizes

XS S M L XL XXL 3XL
