Description

Experience workwear excellence with our Unisex Multi-Pocket Elasticated Stretch Arce 2 Stripes Reflective Unisex Trousers , an essential choice for industry professionals, including gardeners and demanding workers. These HYDROFUGATED work trousers combine functionality and comfort to meet everyday challenges.

Made in T400, a revolutionary stretch fabric (65% Polyester, 33% Cotton, 2% Elastane), these trousers offer resistance to industrial washing at 90°, permanent elasticity and a high level of comfort. Equipped with elasticated waist sides, belt loops and multiple pockets, including two French hip pockets and four back patch pockets with flap, these trousers offer functionality without sacrificing style.

Reinforced waist, crotch and knee reinforcements, with openings for protective knee pads, ensure durability and additional protection. The possibility of customization, either without combination, with tapes (reference 7502C1) or combining tapes and adding reflective stripes (reference 7502CB), allows you to adapt the trousers to your preferences.

Opt for our Unisex Multi-Pocket Stretch Elastic Arce 2 Reflective Stripes Trousers and experience the perfect balance between performance, comfort and style in your workwear. Maximize your efficiency with the best clothing for industry professionals available in the market!
