Description

These unisex WATER-REPELLENT work shorts are made from twill, a blend of 65% polyester (PES), 33% cotton (CO) and 2% elastane (EA), which offers a unique combination of durability and stretch. This choice of material ensures a garment that feels comfortable and stands up to the demands of the hospitality industry.

The unisex design of these shorts allows them to be worn by both men and women. The elastic at the sides of the waistband ensures a comfortable fit and allows for greater freedom of movement.

A variety of functional pockets make it easy to carry essential tools. Two pockets with wallets and Velcro on the back, two French-cut pockets on the sides and two pockets with wallets, Velcro and gusset on the bottom and back side of the right leg offer ample storage space.

The reflective strip on the back pocket wallets and on the side ensure increased visibility, especially in low light conditions, which is essential in a fast-moving hospitality environment.

Available sizes

34 36 38 40 42 44 46 48 50 52 54 56 58 60 62

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.

MEASURE (cm)	34	36	38	40	42	44	46	48	50	52	54	56	58	60	62
