Description

These trousers have been made without front darts, providing a modern, clean look without compromising on comfort. Freedom of movement is essential in the hospitality industry, and this design allows for unrestricted mobility.

Equipped with two french pockets at the front, a watch pocket and a welt pocket at the back, these trousers offer additional space to carry essential work tools such as pens, order books and other utensils.

These trousers are made from MAXIMA fabric, a blend of 54% polyester, 44% wool and 2% Lycra. This fabric provides exceptional comfort, crease resistance, easy ironing and a soft, warm texture.

Thanks to its heavier weight fabric and warm texture, these trousers are an ideal choice for hospitality winter uniforms. It allows wearers to stay warm and comfortable during the colder season.
