Composition / Treatment

TRIVIAL 77% PES 20% VI 3% EA - 185 gr/m²

Available colors

001 104

Description

This bomber jacket is made from TRIVIAL fabric, consisting of 77% polyester, 20% viscose and 3% elastane. Trivial fabric is known for its durability and strength, making it perfect for everyday use in demanding work environments.

The jacket features carefully crafted design details, such as the ribbed collar and hem, the 1mm stitched neckline and the sleeve cuff with press stud. These elements add a touch of sophistication to the garment.

The central zip is secured with 5mm stitching, ensuring durability and ease of use. This zip allows for a secure and snug closure.

The jacket has several functional pockets, including an inside pocket on the right front and two slanted zipped pockets on the inside of the hips. These pockets provide additional space to securely store personal items or work tools.

The bomber jacket is lined for extra comfort and allows the garment to slip easily over other garments, such as shirts or T-shirts.

This jacket is available in two versatile colours: black and navy. These colours combine easily with other items of clothing and are suitable for a variety of work environments.

Women's versión: 800012.

Available sizes

44 50 52 54 62 64 46 48 58 60

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
